STORAGE OF VEHICLES IN DISREPAIR ON TOWN SITE PROPERTIES

The Shire of Gnowangerup Animals, Environment & Nuisance Local Law was gazetted in 2016. Section 3.6 reads:

“The owner or occupier of a lot shall not—

- (a) store, or allow to remain in public view on any lot, more than 1 vehicle, vessel or machinery (whether licensed or not) in a state of disrepair;
- (b) store, or allow to remain in public view on any lot, any vehicle, vessel or machinery in a state of disrepair for a period in excess of 1 month;
- (c) store, or allow to remain in public view on any lot, any vehicle parts, vessel parts or machinery parts (including tyres);
- (d) wreck, dismantle or break up any vehicle, part or body of a vehicle, vessel or machinery except where performed—
 - (i) inside a building; or
 - (ii) within an area enclosed by a fence or wall of not less than 1.8 metres in height and of such a nature as to screen all vehicles, parts or bodies of vehicles, vessels or machinery from the thoroughfare and from adjoining properties; or
- (e) wreck, dismantle or break up a vehicle, vessel or machinery so as to cause a nuisance.”

Residents and tenants of properties in our town sites are advised that the Shire Ranger will be identifying properties which are found to be in breach of this local law and taking appropriate action.

Community members want our towns to be tidy, a view shared by Council. So, if you have an old vehicle wreck, tyres or parts on your property, please remove them immediately.

Ongerup Farm Supplies & General Store

LPG Gas Supplies

I am pleased to announce that as of the start of February 2017, I will be changing to a new supplier for my LPG bottled gas supplies. This will result in significantly cheaper prices for most size cylinders of LPG gas.

I have been aware for some time that my old supplier was charging a highly inflated price for their bottled gas. Despite repeated requests on my part for them to lower their price, they took the arrogant attitude that as there was no competition in the town, they could charge what they liked. Unfortunately due to being locked into a contract with them I have not been in a position to be able to negotiate a better deal.

That contract has now concluded and I have been able to come to a much better arrangement with a new supplier, Elgas. As part of the deal I have negotiated with Elgas, they have agreed to supply cylinders without you the customer, having to sign cylinder rental agreements and pay an annual cylinder rental fee, as is presently the case with Kleenheat. They will charge me a small rental charge on every cylinder of gas which they supply and I will pass that charge onto you as part of the cost of the gas. Despite this small rental component, the cost to you for each cylinder of gas, will be considerably cheaper than the price you are paying now.

For those of you with existing cylinder rental agreements with Kleenheat, once you have emptied your existing cylinders and returned them to Kleenheat, via me, we will be able to close your rental accounts with Kleenheat and in some cases you may be entitled to a refund for part of your annual rental fee.

New charges will be

45 kg Household Cylinder \$125 incl. GST

15 kg Forklift Cylinder \$60 incl. GST

8.5 kg Kwik Gas Swap will remain at \$35 incl. GST - sorry I couldn't do much about that one.

Industrial Gases – BOC Gas

I am aware that many of you using industrial gases are not happy with cylinder rentals being charged by BOC and I don't blame you. There is now a new a supplier in the game for these type gases in OneGas. Their deal is that rather than pay rental on the cylinders, you buy the cylinders outright and then work on a swap arrangement. Many of you have asked whether I can sell those gas cylinders and unfortunately at this stage, the answer is no. I have a signed contract with BOC, which does not allow me to sell any other brand of industrial gas. That contract has several years to run and so my hands are tied for the time being. I will certainly be looking at alternate suppliers once my current contract expires. If anyone needs further info on either of these gas supply issues please don't hesitate to contact me.
