Micks musings

News from Ongerup Farm Supplies

Drum Deposits – As of January this year, there are no drum deposits left on any chemical drums. We have until September this year to return any Nufarm and Crop Care drums and receive refunds. Adama and Farmoz need to be returned ASAP, as they have given very little warning. If you have any of these ones which still have chemical in them please let us know and we will try and get Adama to cut us some slack on their return. In future there will be no drum deposits charged on any drums, but it is still in your best interests to return any empty drums as soon as you can. If anyone has big numbers of drums laying around on farm and need a hand getting them back, let us know and we may be able to pick up on farm for you. Please be aware that we are unable to return damaged or badly dirty drums.

Livestock Agency – I would like to inform all livestock clients, that as of today, I have changed my livestock agency from Westcoast Livestock to Primaries. As I am already aligned with Farmworks, which is owned by Ruralco, it makes sense for me to do livestock with Primaries who are also owned by Ruralco. In the future this will mean that you will only need the one account to do your chemical and livestock with me. Unfortunately, in the short term it means that everyone will have to sign new account applications with Primaries, in order to buy or sell sheep with me. Sorry for this inconvenience.

For Sale – I have in stock the Accufire firelighters. The Fast and Efficient tool for lighting up header trails and windrows. Price is \$1900 + GST.

I also have in stock the new Shuttle Gauge, a quick and easy method of accurately measuring chemical out of 1000lt shuttles. Price \$99 incl GST

Gnowangerup Market Day

Returns in 2016!

AGFARM ACCELERATE

TURN YOUR FUTURE GRAIN PRODUCTION INTO A LINE OF CREDIT.

Broadacre cropping sure has its challenges, but at Agfarm we think finance for your crop shouldn't be one of them.

- » Finance your seed, fertiliser and chemical cropping inputs
- » Free up your cash flow
- » You're in control with flexible grain marketing options
- » Easy application and fast approval
- » Competitive commencing variable rate of 5.99%*
- » Low fees

Get a headstart on your harvest.
Ask at your local Agfarm store or visit [agfarmaccelerate.com.au](http://www.agfarmaccelerate.com.au)

*Variable interest rate at time of printing.

Appointments can be booked by contacting Abbey Sergeant on 98271007 or via email abbey.sergeant@gnowangerup.wa.gov.au

It is advised that you submit your questions/queries to Abbey Sergeant upon booking your session to ensure that the required answers can be provided on the day of your appointment.

Drop in's are more than welcome however please be aware that booked appointments will take priority, and questions may be taken on notice.

Gnowangerup community members are encouraged to please contact Abbey Sergeant to arrange appointments from Monday – Friday at the Shire Office.

SHELLEY PIKE

FIRE ADVISORY COMMITTEE ANNUAL GENERAL MEETING

All Shire of Gnowangerup Bush Fire Brigades and Fire Control Officers please note that the next Annual General Meeting of the Shire Fire Advisory Committee is to be held on **Wednesday 6th April** at the **Borden Pavilion Meeting Room**, commencing at 7.30pm.

All Fire Control Officers are urged to attend.

Shelley Pike
CHIEF EXECUTIVE OFFICER

AUDIT COMMITTEE MEETING

(Local Government Act 1995 – Section 5.23)

The Shire of Gnowangerup hereby gives public notice of an Audit Committee Meeting on Wednesday 23rd March 2016, in Council Chambers, commencing at 3.00pm.

CHIEF EXECUTIVE OFFICER
SHELLEY PIKE

Use the amount of chemical you need and *nothing more!*

for more information or to purchase a shuttle gauge
see Mick at the
Ongerup General Store

THE SHUTTLE GAUGE

Looking for an inexpensive, simple, safe and accurate way to measure liquid in 1000L shuttles or IBC's?

- ✓ No double handling using slow electric pumps.
- ✓ No operator exposure by decanting into measuring buckets.
- ✓ No viscosity calibrations to keep track of with flow meters.

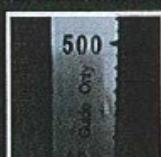

THE SHUTTLE GAUGE
\$99 EA
INCLUDING GST

The secret to Shuttle Gauge is the ability for level compensation via simple wing nut adjustment. The IBC does NOT need to be level to work accurately (5cm variance side to side either way is fine).

Made from laser cut marine grade stainless steel.

PROUDLY MADE IN WESTERN AUSTRALIA by Goodwill Engineering offering employment opportunities to people with disabilities.

AUSTRALIAN PATENT 2015213317
