SHIRE OF GNOWANGERUP

DECEMBER COUNCIL MEETING CHANGE OF MEETING TIME

The Shire of Gnowangerup hereby gives local public notice that the December Ordinary Council Meeting will commence at 10:00am on Wednesday 21st December 2016.

"Excellence Through Effort"

Ongerup Primary School - What are we up to now!

Greetings All!

It is certainly hotting up and becoming very busy as we draw ever closer to Christmas.

What's happening this month?

*DRUMBEAT continues with the Senior students loving every moment! Just a bit of background for you. DRUMBEAT is an acronym for **Discovering Relationships Using Music - Beliefs, Emotions, Attitudes & Thoughts**. For centuries, ancient cultures have used hand drumming to bring people together. The program was originally designed to target young people who are alienated or socially withdrawn, however over time, it has been shown that all young people benefit from participation in DRUMBEAT. The program has been kindly sponsored by Amity Health and runs over ten sessions during Term 4.*

DRUMBEAT

BUILDING RESILIENCE THROUGH RHYTHM

School Council meeting Monday 21st November

Student Council Elections to be conducted on November 30. Current students in years 5 & 6 are to step-up, nominate and prepare their election speeches for the positions of School Captain and Sports Captain.

Mark Bruce
Principal

BOY ON A WIRE BY JON DOUST

Depicting the full spectrum of adolescent alienation, this engaging, coming-of-age narrative is a humorous blend of novel and memoir. A sensitive, quick-witted boy from a small town, Jack Muir adores his mother, yearns for affection from his father, and lives in the shadow of his accomplished brother. Sent to a boarding school at a young age, Jack must quickly decide what sort of person he will be—the type that succumbs to the pressure of bullies and the school system or the type that fights back, using clever banter and intellect to get by. With a unique and authentic voice, this darkly humorous tale portrays the road to depression as seen through the naiveté of youth.

The Goss from Gail

This book was Sandy's choice for October but when the date came around most of the members were elsewhere. So we thought we would hold this meeting in November.

As it turned out this was a great idea as we only had one apology. The down side was we did have a battle to actually remember the book. Once we got talking about it the story came back. Of the seven members present only two had not read the book. Most members enjoyed the story and found Jon Doust funny. We spent some time discussing Boarding schools. Then we got down to organizing our December meeting which we are holding in Bremer Bay. And as usual at supper we set the world to rights and caught up with all the news. Thank you Sandy for a great night the custard cake was excellent. Not sure what the club rated this book but think it might have been an 8.

kel's Cryptic Cranium... Explained!

A good cryptic clue should contain a simple definition of the answer and then some form of wordplay to distract you from the obvious answer! I've underlined the definition and then attempted to briefly explain the wanderings of my mind!

ACROSS	
6 Most important, one greater than nine insects is outspoken getting <u>support for children</u> .	MAINTENANCE – outspoken = audio clue. Most important = MAIN, one greater than nine = TEN insects = ANTS. Say it together
8 Regal lady sings <u>compressed by force</u> .	UNDERPRESSURE - Regal lady = Queen who sing a song called Under Pressure

Events and fun for all the family

POOL MAKES A SPLASH!

Official Opening of the new Gnowangerup Community Swimming Pool

Official Opening of the new Gnowangerup Community Swimming Pool will go down in history as a milestone event for the Shire of Gnowangerup. The Opening took place on Saturday 5th November 2016 and was attended by close to 400 people. The event showcased the new \$2.6 million purpose built, co-located facility and its new fun features including modern seating and picnic facilities, fully landscaped surrounds, beach entry, heating, solar panels, refurbished change rooms, water features, shaded areas, purple BBQ and custom made bridge.

The weather could not have been better with a perfect 34 degree day and no wind. Amongst the crowds, dignitaries also enjoyed the sun including the Honorable Tuck Waldron, Ross Thornton, Chair of the Great Southern Development Commission Board, Darren Beazley, CEO of Swimming WA, Robbie Miniter Representative of the local Noongar community and Wirrapanda Foundation, Wayne Pech, Chair of the Gnowangerup Sporting Complex, Paul De Young from McCorkell Construction and Gnowangerup Shire Councillors. Special guests also joined the festivities included a number of representatives from surrounding Shires, Chris Thompson from Department of Sport and Recreation, Tony Head from the Leisure and Aquatic Industry Association, Kathryn Clare from Triathlon WA and Merv Aylmore and his wife Di whose father donated the land for the previous town swimming pool located at Aylmore Springs.

The Pool was officially opened by Tuck Waldron, Keith House, Shire President and Ross Thornton. The Shire President acknowledged the support of the multiple funders which included The Department of Sport and Recreation, The Department of Regional Development, The Great Southern Development Commission, Lotterywest and The Gnowangerup Sporting Complex. President House also commended the suppliers, community supporters and Shire staff for their hard work in seeing the project from inception to completion.

Once the official proceedings were wrapped up, Peter Rundle and Keith House had the first swim... a race... commentated by Tuck Waldron.

The rest of the day was jam packed with exciting features including sausage sizzle provided by volunteers from Yongergnow Malleefowl Centre, bouncy castles, bungee run giant Jenga and Connect 4, massive dry slide, a live radio broadcast on Hot FM and a triathlon.

The Shire would like to thank all staff and volunteers for making the day a fantastic success!

To see more photos of the day visit [Shire of Gnowangerup website](#) and like the [Shire of Gnowangerup Facebook page](#).

Gnowangerup Police "How business is getting done"

Hi Everyone

Since we last caught up, there has been an increase in thefts in our district. Most have occurred during the night and have predominantly been stealings from unlocked motor vehicles. The thefts I have been made aware of occurred on Bell Street, Yougenup Road and McDonald Street, Gnowangerup and also at Bluff Knoll car park.

There is a misconception that people who steal from cars normally smash a window to gain access to the vehicle and then take property from within. At tourist locations such as Bluff Knoll and The Gap in Albany, this certainly is the way they go about it, as they are out to grab visible property within the vehicle, such as bags laptops/tablets and cameras. In town though, it is a completely different story. Most people who steal don't want to be caught - it is human nature. The sound of a car window being smashed in someone's driveway may alert the owners of the vehicle that someone is stealing their property. Thieves will normally just try the car door - if it is locked they will move onto the next vehicle.

The same info is pertinent for people who own utes - if you value your stuff, don't leave it on the back of the ute overnight. If you have a lockable, secured tool box that is fine; it will be there when you go to your vehicle next. Items such as swags, fuel cans, air compressors, grease guns, tools and trail bikes are thing of value to thieves, They are all quite difficult to identify and can easily be exchanged for drugs. We all work hard for what we own, don't give a drug user his next hit of Meth.

Below I have listed a few simple tips on how you minimise you being a victim of property crime.

I look forward to seeing you all around town. Say hello, I am always open for a chat.

Regards,

Norman Gill

Sergeant 9656 | Officer In Charge | Gnowangerup Police Station | Phone: (08) 9827 2800 | Fax : (08) 9827 1438 |
norman.gill@police.wa.gov.au

Neighbourhood Watch

THIEVES PICK EASY TARGETS

Make It Tougher For Crooks. You can help frontline police make it tougher for crooks by being aware and making small changes to how you look after your valuables.

Tips for car users

- 1) Remove all valuables from your car and do not leave any belongings or coins where they can be seen.
- 2) Remove any detachable items, such as GPS or your car stereo.
- 3) Avoid parking in deserted car parks or far away from other vehicles.
- 4) Try to park your car in a well-lit area.
- 5) Ensure your vehicle is always locked.
- 6) Close all of your windows – even when you're at the road house.
- 7) At home, keep your car keys in a safe place out of sight and away from windows and doors where they could easily be taken.
- 8) If you have a garage, use it. When your car is out of sight it is less likely to be a target for thieves.
- 9) Keep doors and windows locked at all times.
- 10) Keep valuable items such as computers, laptops, tablets, game consoles, stereos and mobile phones out of sight.

Life in the Salt Lakes!

Last Wednesday 9th November 11.5 (yes, .5!) people gathered together at Sandy and Kingsley Vaux's farm to explore some lakes in the North Ongerup area.

The purpose of the field day was to explore last lakes within the Gondwana Link area which are connected to a pre-existing conservation area – in our case the North Ongerup Malleefowl Corridor.

We visited five lakes all in all, two of which were of Dead Sea salinity. Hydrologists Steve and Geraldine Janicke were hoping for salt shrimps, as those indicate long time salinity in a lake. Although the first lake didn't have any trace of life, the second one offered up remnants of those shrimps.

The second lake also had curious holes along the shore and we dug up a white spider in one of those holes which may be new to science! Ecologist Angela Sanders sent the spider to the WA Museum's spider expert to find out. Another curious feature of that lake was that the bush next to it offered up ancient bettong holes!

The next lake we visited was slightly more saline than sea water, and produced a wealth of (mainly crustacean) life, including a curious flowering water plant called *Ruppia*, which flowers above water to ensure pollination and then moves its seeds into the soil to make sure they don't get lost! This lake had historically been fresh but has gone saline over the last 50 or so years.

Lake number four was Matty's Lake which we visited with the Ongerup Primary School (see last

week's Grapevine). Last week I didn't rave about the wealth of bird life on the community block, so, sparing you the details still, I'll just briefly mention for the bird lovers out there that birding was AMAZING!

And finally we went to investigate our last lake, which was less saline than sea water and again teeming with life (and there were swans with young!)

It was really interesting to see (water in the lakes!!! and) the diversity of salinity levels and life levels in lakes in a relatively small area adjacent to and connected with the North Ongerup Malleefowl Corridor.

I could write pages and pages about the bugs we found and the things we learnt, but I better stop now! It was an exciting and inspiring day – nothing like having educational fun with water.

Thank you very much to the landholders for allowing us to access their lakes, in particular Sandy and Kingsley Vaux, Vicstock (China!) and the Ongerup Community Development. We would have loved to visit more lakes, but unfortunately, time ran out. A big thank you also to Tim Foster who would have let us visit Mills Lake if we had had the time.

Landholders will receive a proper report about their lakes in due course.

Thank you also to Basil Schur of Green Skills Denmark for pulling the day together, to everyone who participated with local knowledge.

The event was funded through a State NRM Capabilities Grant.

SHIRE OF GNOWANGERUP

ADOPTION OF LOCAL LAWS

The Council of the Shire of Gnowangerup resolved on 27 July 2016 to adopt the following local laws:

Animals, Environment and Nuisance Local Law 2016;
Bush Fire Brigades Local Law 2016;
Dogs Local Law 2016;
Health Local Law 2016;
Local Government Property Local Law 2016;
Standing Orders Local Law 2016.

The purpose and effect of the local laws is as follows:

Animals, Environment and Nuisance Local Law 2016

Purpose:

To provide for the regulation, control and management of animals and the prevention of environmental damage and nuisances within the District.

Effect:

To establish the requirements with which any person keeping animals, or undertaking activities that have the potential to impact the environment or create nuisance must comply.

Bush Fire Brigades Local Law 2016

Purpose:

To make provisions about the organisation, establishment, maintenance and equipment of bush fire brigades.

Effect:

To align the local law with changes in law and operational practice.

Dogs Local Law 2016

Purpose:

To make provisions about the impounding of dogs, to control the number of dogs that can be kept on premises and the manner of keeping those dogs and to prescribe areas in which dogs are prohibited and dog exercise areas.

Effect:

To extend the controls over dogs which exist under the Dog Act 1976.

Health Local Law 2016

Purpose:

To provide a statutory means to effectively control issues that have the ability to adversely impact on the health and well being of the community.

Effect:

To allow health related issues to be sufficiently controlled so as to provide an acceptable standard for the maintenance of public health in the community.

ADOPTION OF LOCAL LAWS cont.

Local Government Property Local Law 2016

Purpose:

To regulate the care, control and management of all property of the local government except thoroughfares.

Effect:

To control the use of local government property. Some activities are permitted only under a permit or under a determination and some activities are restricted or prohibited. Offences are created for inappropriate behaviour in or on local government property.

Standing Orders Local Law 2016

Purpose:

Is to provide the rules for the conduct of meetings of the Council, Committees and electors.

Effect:

To result in:

- the orderly and effective conduct of meetings;
- greater community understanding of the meeting process;
- better decision making by the Shire; and
- better outcomes from decisions made.

A copy of the adopted local laws may be inspected at or obtained from the Shire of Gnowangerup, 28 Yougenup Road, Gnowangerup 6335 between the hours of 9.00am and 4.30pm.

With the exception of the Health Local Law 2016 which, were gazetted in the *Government Gazette* on 15 November 2016, all local laws will come into effect on 29 November 2016. The Health Local Law 2016 will come into effect on the 15 November 2016.
