ONGERUP P&C BATTERY DRIVE Do you have the odd dead battery laying around the shed or farm? The P&C are asking for donation of any batteries you may have from small car to truck/tractor/ header batteries for our latest fundraiser. The Ongerup Tyre Service have kindly offered their premises as a local drop off point if you can deliver them to town or contact Brendon O'Neill (0427 282 195) or Luke Fisher (0427 284 015) for further enquiries. Spread the word near and far! We will continue to collect batteries into February 2018 to cover the harvest period so please keep us in mind and get those batteries in to help support the kids of Ongerup. Thank you.

DISCOVERIES AT YONGERGNOW

Vicky has been busy checking Elliott and pit traps within the Yongergnow sanctuary with the help of junior apprentice Benedict and another helper. There have been some exciting discoveries - a pygmy possum, and two frog species. One species, the white footed trilling frog, spend a lot of time in their underground burrows and breed after rain... Also caught in traps have been the expected spiders and insects which are all exciting, too. There definitely is plenty of life in the undergrowth!

There has been Malleefowl mound activity within the aviaries. One adult pair have been mounding quite happily and we will know in the next few months if she has been laying eggs. The juvenile mob in the large aviary are practising their scratching and digging skills and have the existing mound looking like they are getting the idea but at the wrong time of the year!

We had a bit of excitement last week when Graeme Sav bought up what we thought was a baby Malleefowl, he had caught in his tyre shed. Vicky dashed our hopes by identifying her as a stubble quail and she is now happily back in the wild.

Ongerup Golf Club report for the 2017 season.

The local golf club has just completed another successful season with our closing day on the 8th of October. This was a mixed Ambrose and well attended with visitors from other clubs. It was won by Russell Thompson, Skeigh Weston and Wade Haywood with a remarkable gross score of 66.

Wade Haywood was also the winner of the TG Hart cup at our Open day held on September the 10th. This was another successful day with the course in peak condition. It was well attended by visitors from surrounding clubs and good scores were recorded. Our small club was complimented by participants on our hospitality and course presentation.

Club championships held on August the 6th and were hotly contested but our reigning champion Russell Thompson prevailed again. Another trophy donated by Moira and Taffy Jones for Russell to add to his collection. Our club has supported all the Open days in the South Eastern District Golf Association this year with plenty of prizes coming home with local golfers.

Sarah Hyde and Vicki O'Neill attended the Lower Great Southern Ladies Golf Association at Green Range and brought home the best Nett trophy.

At our recent AGM a new committee was elected with Darren Baum being the new President.

The club hopes to foster the 9 Hole scroungers being played on Friday afternoons as way to encourage people to come and have a hit. Nice and casual. This will start before our official fixtures start in late April.

The club has continued to enjoy fantastic local sponsorship. Our local businesses provide great support not just for our Open Day but throughout the year. This is greatly appreciated by the club.

YOU CAN'T OUTRUN
IT, OR OUTLAST IT.
**SO TAKE 5 MINUTES
TO OUTSMART IT.**

**! YOUR HOME IS
IN A BUSHFIRE
DANGER ZONE**

IN A BUSHFIRE EVERY FIVE MINUTES COUNTS **ESPECIALLY YOUR NEXT FIVE MINUTES**

Bushfires move fast; even faster uphill. And they can generate enough heat to melt metal.
Your best chance of surviving a bushfire is to plan what you'd do if one was to come your way.
Even if you intend to stay and defend your property, you still need a back-up plan.

**5 MINUTE
FIRE
