Breakfast Served between 8am-9.30am.

## ONGERUP BOWLING CLUB

Bowls is back in business for 2022! The year started with some of the men playing in the Borden Pairs, then Darren Baum & Jake Langdon were picked to play in the Inter league 4s in Kulin, a group of 4 men went to Dumblyung for their Annual event, next was Ongerup's Mixed Triples event played here just last weekend 16th Jan, all possible because of our sponsorship funds from Slater Fencing, Ongerup Tyes & Auto, Farmers Centre, Karl Pass & Ass, Shearing Ongerup, Ongerup Hotel, Swat Pest Control, Stirling Ag, Kurana Farming, Grt Sth Seed cleaners, & J & J Kerse. Please support these businesses as they keep us going!. We had great support with 16 teams, (that's 48 players), teams from Bremer Bay, Dumblyung, Borden, Gnowangerup & Jerry. The Ongerup team of Michelle & Craig Bamess & Mick Creagh the winners of the day. Ongerup was congratulated on the nice new surface & surrounds, it was a great atmosphere all around. So of course - Ongerup stopped at the club house to congratulate themselves at the end of the day! Next is both the Men & Ladies pennants games on the 22nd Feb, then the Men playing in the league pairs & fours championship to be held at Broomehill on Sun 23rd Feb, and last in the month the Ladies are playing in the Inter League 4s event at Katanning on the 28th-30th Feb. The club Scroungers is an ongoing event every Friday night in Ongerup we'd love to welcome more casual players along for a fund game of bowls, just arrive about 6pm and someone will find you some bowls, just don't wear your boots some flat shoes are the to go.

**The Ongerup bowling club would like to put out this notification advised to us from Bowls WA, and we wish for all players and visitors to be advised that we will be following these restrictions.**

The Western Australian State Government (the Government) has announced further restrictions on licensed venues, following advice this now directly affects the operations of Western Australian bowling clubs. From the **31/1/2022** all patrons to bowling clubs (including members, spectators and the wider general public) are required to be fully vaccinated.

**What area is included in these restrictions?** For the avoidance of doubt, the licensed venue will include the clubhouse, playing surface(s) and surrounds, incorporating all areas within the club's boundary.

**What does fully vaccinated mean?** Fully vaccinated means having received at least two doses of a registered COVID-19 vaccination.

**Are there any exemptions?** A person is exempt from the vaccination requirement if that person has a medical exemption recorded on the Australian Immunisation Register or for some reason a temporary exemption issued to the person by the Chief Health Officer of Western Australia or their delegate. These MUST be sighted by the HOME Club representative. This restriction starts on Monday 31st January 2022.

**What happens if members/patrons are not vaccinated by the 31/1/2022 ?** As per the Government regulations they will be unable to enter any bowling club (including the use of greens) in Western Australia. If you are a visitor to the Ongerup club, this includes at all time, ie; scroungers nights, social nights or just joining us for a drink after play, please bring your Vaccination statement or Certificate with you, either digital or a paper copy. Thank you for your understanding, if you have any questions I'd be happy to fill you in. Vicki O'Neill, Bowls Secretary.

The winners of the Ongerup Mixed Triples

## Yongergnow news

After a busy start to 2022 things have been quiet here on the tourist front with visitor numbers slowing down. The staff have been busy with lots of ongoing projects and planning events for the coming year. Exciting news: our first crop of honey has been harvested!!.

The kitchen has had a big clean up and we have excess items for sale at the front counter. First in best dressed!!

Keep an eye out around town as Bill is putting up our lovely new signs as part of the Ongerup Townscape project.

Our café as always has fantastic barista coffee, delicious cakes and light lunches and look out in the Ongerup shop for our sandwiches and rolls that are being stocked there.

The art gallery has a wonderful display of artworks by Linnie's Arts. She has some beautiful cards available for purchase as well as her paintings and prints.

Sandy is updating the Ongerup business directory, so if you are not on there and wish to be included please let her know.

Our birds are preparing for another season, the large aviary has two pairs of birds and we hope they are starting to pair up and get busy! In the smaller aviary are the two spare males living in bachelor paradise.

We have had a few people come in needing help with the new covid app, if you would like help please don't hesitate to come up and ask we are more than happy to help.

## We know your soil because we **dig deeper** into the data

### Soil test with inSITE, our industry leading soil analysis program

- Independent laboratory.

# Improving your yield.

That's all we're interested in.

## Industry leading inoculant supplier

ALOSCA Technologies is an industry leader in Rhizobia inoculants for legumes supplied in a unique patented granule. It is the only inoculant that can be reliably used in dry sowing, top dressing or in contact with seed dressing or fertiliser that would otherwise be harmful to Rhizobia bacteria.

## Ideal for summer or early seeding

ALOSCA granules provide flexibility like no other product. Legumes can be sown with ALOSCA granules in dry conditions and remain in the soil for months until being activated by the same seasonal rain that germinates the crop.

## Don't just take our word for it.

Read what Nathan Garn from Wyalkatchem has to say. Nathan grows approximately 1,500ha of lupins annually.

*"I'm switching back to ALOSCA granules this season. I tried another product last season but it was a nightmare handling and questionable how well it would work in tough dry conditions. ALOSCA granules are far easier to handle and I can better trust they work in all situations."*

### Benefits at a glance:

- Specifically developed for Australian conditions and soils
- Can be dry sown, simple to apply and can be easily blended with fertilisers, seeds or a third box
- Can be used with seed dressings that are typically harmful to inoculants
- Can be stored for months in a dry area
- No need for slurries

### Our inoculants are suitable for these pasture and crop species:

- Lupin and Serradella
- Field Pea, Faba Bean and Vetch
- Chickpea
- Sub Clover
- Lucerne, Strand and Disc Medic
- Barrel and Burr Medic
- Biserrula

## Plus, early orders get \$50 cash-back per ton.

Applicable to all invoiced tonnages received before January 31, 2022. To download your cash-back form, simply search 'cash back' on [alosca.com.au](http://alosca.com.au)

## Order through your local stockist and make sure you specify ALOSCA granules.
