## Ongerup Bowls update

The Ladies lost this week's pennant game against Gnowangerup, but we had a chance to have April Langdon be part of our team for her first time playing a complete game of pennants and played it very well, we hope you stay with us April. Next ladies game isn't until the 26th Nov. The men had a bye this week and their next pennants is on Sat 12th at Ongerup, hopefully we can get a team together for this. After that they have a bye & they've already played the game that was on the fixtures for Borden on the 26th, so it's a good break & here's hoping the weather will come good and harvest will be full on! Michelle Bamess & Jade O'Neill were Ongerup's team that played last Sunday in our Ladies League pairs and bought home the winning honours for Ongerup. Congratulations to you both Well Done! Then most of our ladies are taking part in the 2 day Gnowangerup Classic this Thursday and Friday - it's a hard life but we mustn't weaken Ladies, keep it up. Of course scroungers is on every Friday night starting at 6pm. All welcome to join in anytime.

## SYMPTOMS OF LUNG CANCER

We have a better chance of surviving cancer and having more time with family and friends if cancer is found early.

We encourage adults, especially those over 40, to be aware of some common symptoms of lung, prostate, breast, bowel and skin cancers (the five most common cancers) and to visit a doctor, clinic nurse or Aboriginal health worker as early as possible if experiencing any of these symptoms.

Share this information with family, friends, and colleagues, especially those over 40, so that they too have the best chance of easier and more successful treatment.

## Great Southern 2050 Cycling Strategy

Help shape the future  
of bike riding in  
the Great Southern!

The Department of Transport and the 11 local governments of the Great Southern region seek your ideas on the Great Southern 2050 Cycling Strategy.

The Strategy sets out a vision for bike riding across the region, with a proposed cycling network and infrastructure in key townsites providing interregional connections.

When complete, the Strategy will be used to guide funding decisions and prioritise key bike riding projects.

To help us develop the strategy, we want to know:

- what your local bike riding needs are;
- what issues need to be addressed; and
- what opportunities you see to make riding safer, more enjoyable and convenient.
