# Library Corner – My Favourite Author

Millenium hand and shrimp! This nonsense phrase of mild disgust is from my favourite author, Terry Pratchett, Britain's best-selling author of adult fiction. His first published book was the Carpet People in 1971. Pratchett was best known for his Discworld series of more than 40 fantasy titles, of which The Shepherd's Crown was the last. Published after his death in 2015, the book tells how Tiffany Aching summoned all the witches to stand with her against the fairy horde, declaring 'There will be a reckoning...' To access Terry Prachett electronic books and audiobooks, open the Libby app, sign in with your library card number and search for the author.
