DID YOU KNOW?

In Western Australia there are **approximately 12,000** native species of wildflowers that blossom during wildflower season, between June and November.

Honey Possums Bush Cafe

Caroline House-Vaux from North Stirlings Pallinup Natural Resources brought along a book, and some branches of a shrub (a hakea) and some seedling hakeas in a seedling tray. She explained to the children that plants are important for food and shelter for our native animals. Then she read the book 'Honey Possum's Bush Café', set in the Stirling Range, in which the Easter Bilby delivered seeds and seedlings to children to plant and bring the native animals to the Bush Café. Then the children enjoyed colouring in a scene from the book.

We would very much like to thank NSPNR for donating a copy of 'Honey Possum's Bush Café' to the Ongerup Library, and for donating two copies of the book as prizes after the book reading. Copies of the book are available for sale at the Yongergnow Centre.
